

Legal Assistant, Release 1

Six months to a legal assistant that cites Bangladeshi law, in Bangla and English, with a Matter for every case.

Release 1 plan for the client · Prepared by Maksudul · 21 October 2026

What Release 1 is

A chat assistant for lawyers, firms and businesses. It answers questions on Bangladeshi land law and cites the Act and section behind every claim. Each case lives in its own Matter, with its files and its chats.

2 Nov 2026

Work starts once this plan is approved

2 May 2027

Launch, after a pilot with real users

26 weeks

Six milestones, each with a demo and your sign-off

বাংলা and English

Ask in either language, get the answer in the same one

A small Dhaka firm takes a land matter from Gazipur. The client bought a plot in 2019, and a co-sharer of the holding now wants to buy it back through the court.

The advocate opens a Matter, adds the case papers, and asks the assistant.

In this Matter: Sale deed (2019).pdf · Khatian 412.pdf · Mutation application.pdf

Did the 2019 sale need a registered deed?

Can the co-sharer claim the plot by pre-emption?

এই জমির নামজারি কীভাবে হবে?

Pick a question. Sample matter and illustrative answers; Release 1 answers come from the checked law corpus.

One matter, cited answers

Plot 412 sale · Gazipur Matter · 3 files

Did the 2019 sale need a registered deed?

Yes. A sale of immovable property is made by a registered instrument **TPA 1882, s. 54**, and a deed that transfers land is one of the documents that must be registered **Registration Act 1908, s. 17**. The deed in this Matter carries a sub-registry endorsement on its first page **Sale deed (2019).pdf, p. 1**.

Transfer of Property Act, 1882	s. 54
Registration Act, 1908	s. 17
Sale deed (2019).pdf	p. 1

General legal information, not legal advice. Law as held on 1 Mar 2027.

How a matter works

One minute

First, open a Matter: client, parties, case number, court, key dates.

A few minutes

Then add the case files. Scans are read with OCR and indexed for this Matter only.

As long as the case runs

Then ask, in as many chats as the case needs. Every answer cites the Act and section, or the file and page.

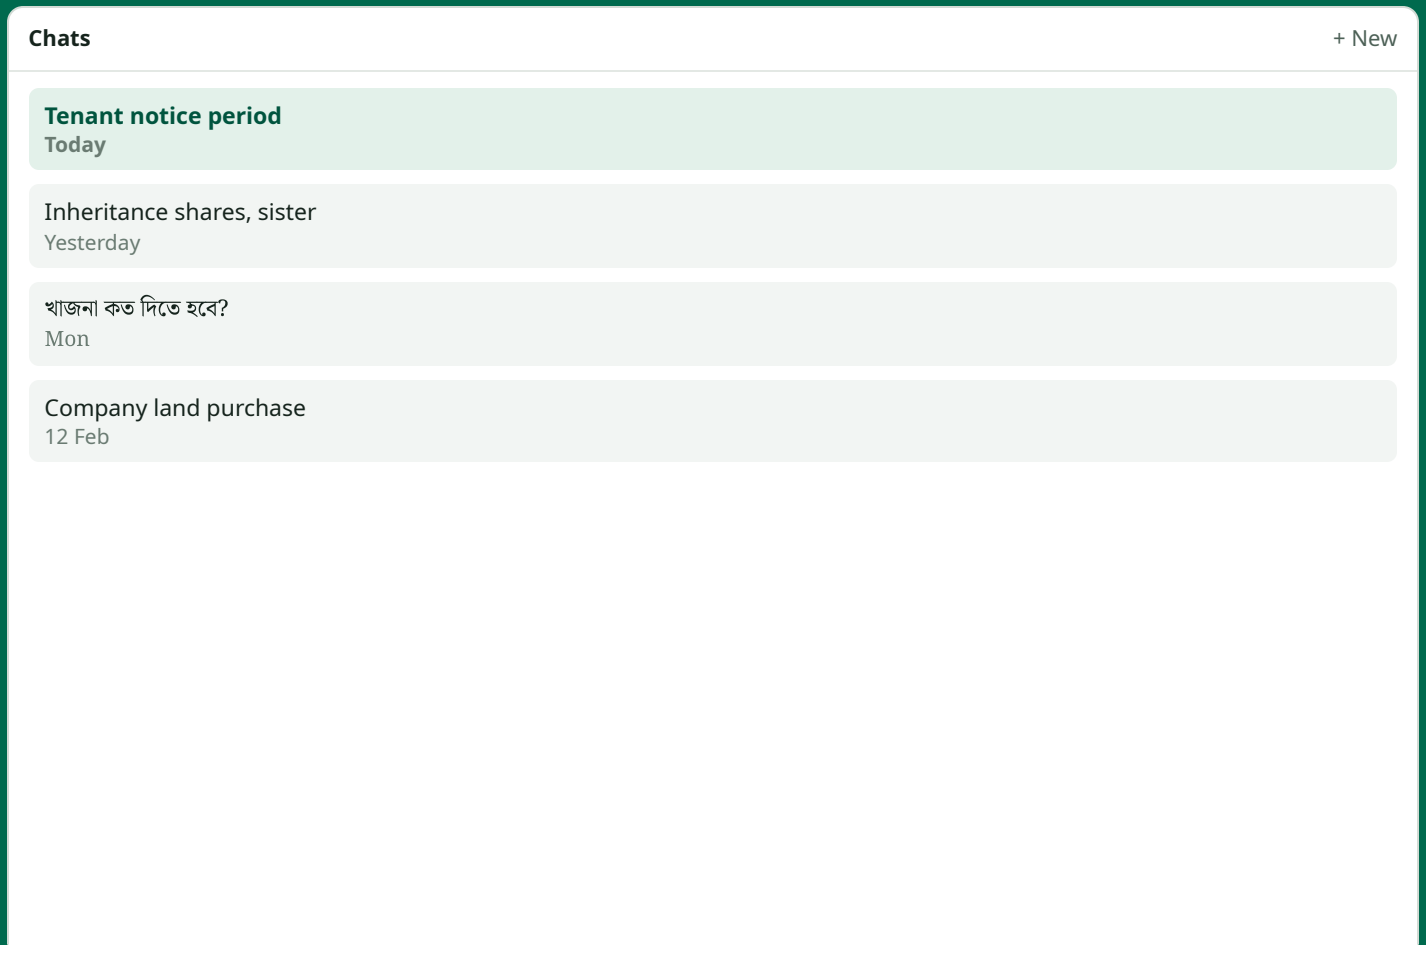

One click

Last, share the Matter with colleagues. The log shows who opened it.

Behind each answer, the assistant searches the law and the Matter's files, writes only from what it found, and checks that every citation came from those results. If the law it holds does not answer the question, it says so and suggests a lawyer.

What ships

Chat

Works like Claude or ChatGPT, with a history of chats

Answers in Bangla or English

Simple mode for plain language, Professional mode for full citations

Every legal claim links to its Act and section

Hands over to a lawyer on criminal, urgent or deadline questions

Matters

Plot 412 sale Gazipur

Files

Sale deed (2019).pdf
12 pages · indexed

Khatian 412.pdf
Scan · OCR done

Chats

Pre-emption risk

Registration check

Case details: client, parties, case number, court, key dates

Instructions that steer the assistant on this case

PDF, Word and photos; scans read with OCR

Any number of chats per Matter

Answers cite the law, and the file and page

Firm workspaces

A workspace for each firm or business; a solo lawyer is a workspace of one

Invite colleagues as owner, member or viewer

Matters stay private until shared

A log of who opened or changed each Matter

Law library

SA&T Act, 1950 বাংলা · EN

Section 96 · Pre-emption

In force: version dated in corpus

Full text of the section as published on bdlaws, with every amendment kept as a dated version.

Section 143

Maintenance of the record-of-rights

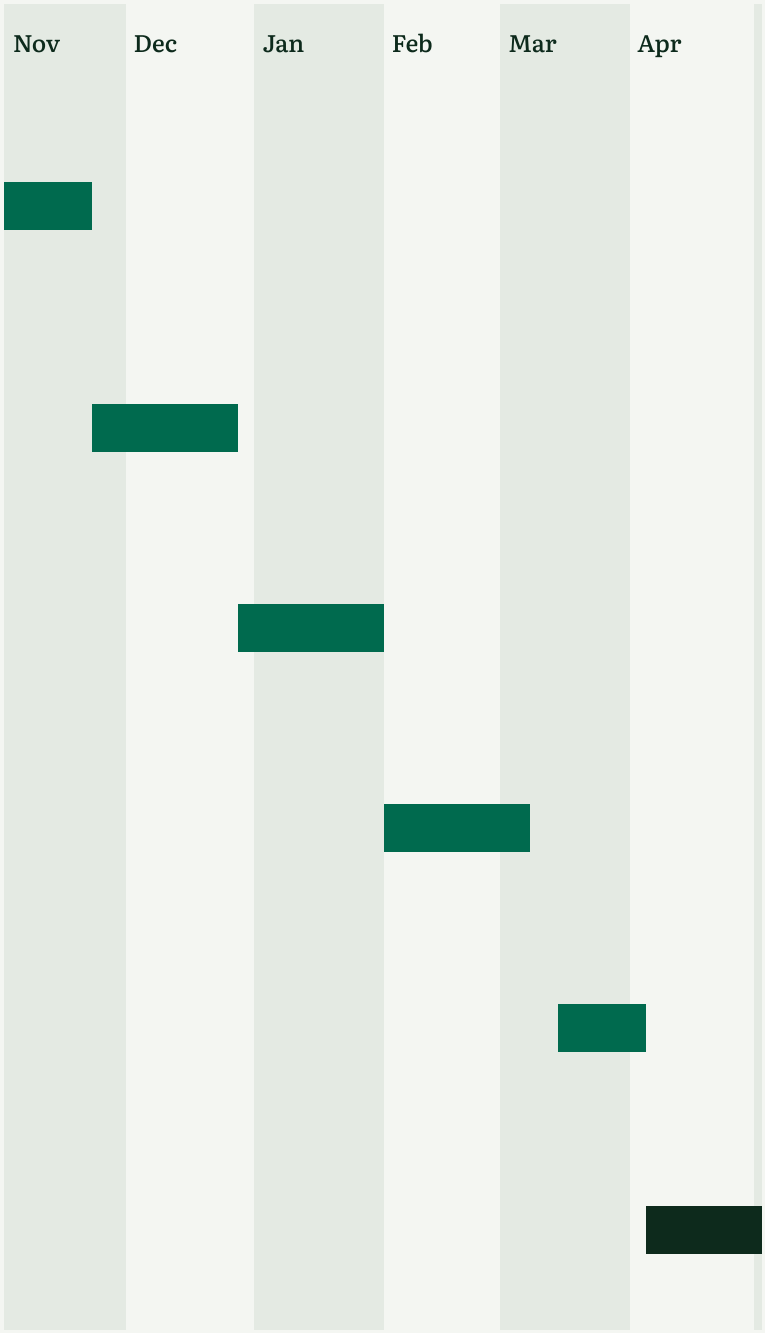

Every Act and the Constitution, section by section

Each section shows the dates it was in force

Land law first; more areas added without new code

Installs on Android and iPhone from the browser

Six milestones, November to May

Discovery and design

Scope, 150 reference questions, clickable design

2 – 22 Nov 2026

Law corpus and search

Land law loaded, versioned and searchable

23 Nov – 27 Dec 2026

Cited answers and chat

Bangla and English chat with citations, login

28 Dec – 31 Jan 2027

Matters

Files, instructions and chats for each case

1 Feb – 7 Mar 2027

Firm and business workspaces

Invites, roles, sharing, activity log

15 Mar – 4 Apr 2027

Pilot and launch

20–50 pilot users, fixes, go live

5 Apr – 2 May 2027

The gap in mid-March is week 19 (8–14 March 2027), kept free for Eid ul-Fitr.

Your part

Every milestone ends with a demo and your sign-off. The dates hold when each review comes back within five working days. A later review moves the next milestone, and the launch, by the same number of days.

Review time
5 working days

First input due
22 Nov 2026

Reviewers
The client, or trained students under the client's supervision

From you

150 reference questions and answers	22 Nov
Hosting location decision	22 Nov
Grading of sample answers	Jan, Mar
Sample matter files, with consent	Feb
Advocate review of name and disclaimers	Apr
20–50 pilot users, one firm among them	Apr

What could move the date

One developer, so no slack	Fixed scope per milestone
Old Bangla scans and encodings	Unicode conversion, OCR, spot checks
The bdlaws site slow or offline	Seeded from the BLAD dataset
GPU servers in the chosen region	Hosting decided in week 3

Now and later
